

Affirmations are self-suggestions or positive suggestions that you repeat to yourself to always remind you of your dreams, desires and goals. Affirmations are not goals in themselves, they are rather habit-forming practices, and in fact, compel you to take action - in the right direction - towards your dreams. They help instill a sense of clarity and purpose, making conditions favorable for you to stay focused on your ultimate game.

The true power of affirmations lies in experiencing them. I have found that affirmations work in many unusual ways if you can experience them within yourself through visualization. So, let your creativity and imagination flow as you practice these affirmations daily. The more often you repeat them, the deeper they will get inside you.

Affirmations are a game-changer, trust yourself with them and experience them as you repeat this script loudly or under your breath!

Before you start, take a deep breath - breathe in slowly through your nose and breathe out through your mouth.
